PHONE 031-206 0049. FAX 031 206 1527. CELTEL : 082 768 0000

Care Instructions

Use good quality doormats at all entrances to your home. Ensure external doors have adequate protection against the elements, and that all windows above the floor are well sealed.

Use Floor protector pads for the feet of all heavy furniture. Ensure that all pot plants have drip trays. Kitchen appliances / taps / appliances above the floor must not leak. Wipe all spills immediately.

Sweep / dry vacuum DAILY. Mop floor WEEKLY. Use a few drops of sunlight liquid in warm water. When mopping your floor, place an old towel under the bucket as a protection against spilling. After rinsing the mop, WRING IT WELL making sure that no drops of water fall onto the floor. The floor should be dry within +-5 minutes of being mopped DO NOT USE TOO MUCH WATER.

When mopping tiles/vinyl etc. in areas bordering your laminate floor, ensure the finishes (Doorway rods, Skirtings Quadrants Etc) are kept DRY

Do not allow any hard wheeled plastic toys to be played with on your floor. Make use of chair mats underneath chairs with wheels.

DO NOT use amonia or strong household cleaning fluids, scourer, or rough materials on your floor.

For stubborn marks use sunlight soap directly on a cloth or with hot water, or moisten a cloth with acetone or turpentine and rub dirt mark vigourously.

WITH THANKS, IMRAAN & FATIMA THOMAS
